Unless otherwise indicated or obvious from the nature of the transmittal, the information contained in this facsimile message is attorney privileged and confidential information intended for the use of the individual or entity named above. If the reader of this message is not the intended recipient or the employee or agent responsible to deliver it to the Intended recipient, you are hereby notified that any dissemination, distribution or copying of this communication is strictly prohibited. If you have received this communication in error or are not sure whether it is privileged, please immediately notify us by telephone and return the original message to us at the above address via the U.S. Postal Service at our Expense. Thank You.

ABSTRACT OF THE DISCLOSURE

In a method for using the shared library in a tamper
resistant microprocessor, the execution code of the shared
5 library is protected because the shared library itself is
processed as a task which has a single identifier, and the
instruction key for encrypting/decrypting the shared
library is recorded at a location within the microprocessor
corresponding to that identifier.
